## CLAIM SHEET

We claim that we are the inventors of the MEDIWATCH. The MEDIWATCH serves three purposes.

1. Alarm watch
2. Pill Box
3. Medical Alert Bracelet

This is an alarm watch with a self-contained pill box separated into three or four compartments, each compartment having its own alarm setting, The inside lid of the alarm watch/pill box has a removable disc on which to list the medications stored in the watch.

The back of the watch shall be engraved with the personal medical information of the wearer. This will serve as a medical alert bracelet.

EXAMPLE: John Doe  
AB+  
D.A. Sulfa  
Asthma, Diabetes  
Pacemaker

Anyone wearing the MEDIWATCH will never forget to take his/her medication throughout the day. A missed or late medication dose shall be a thing of the past.
